

Qiankun Zhong, PhD

Postdoc Researcher,
Max Planck Institute for Human Development

Cultural Evolution, Organizational Communication,
Machine/AI Behaviors, Computational Social Science

Email: chungqk5@gmail.com

Address: Berlin, Germany

Blog: <https://selfmademodeler.wordpress.com/>

Twitter: twitter.com/QiankunZhong

Education

Ph.D. in Communication
Oct 2023

University of California, Davis

Advisor: Martin Hilbert

Dissertation: *Institutions and Culture in the current Communication Landscape*

M.A. in Emerging Media Studies
Sep 2015 - June 2017

Boston University

Advisor: James Cummings

Thesis: *The Effects of Presence on Responses to Argument Quality in a VR environment*

B.A in Journalism
Sep 2010 – Sept 2014

Shandong University

Additional training:
**Graduate Workshop of
Computational Social Science**
June 2022

Santa Fe Institute

Computational Modeling

Additional training:
**Summer Institute in Survey
Research Techniques**
July 2019

University of Michigan

Multi-level Analysis of Survey Data

Employment

Post-doctoral Researcher, Nov 2023 –
Center for Humans and Machines, Max Planck Institute for Human Development
Supervisor: Iyad Rahwan

Publications

Zhong, Q., Jacoby, N., Tchernichovski, O., & Frey, S. (Under Review). Institutional Preferences in the Laboratory. *arXiv preprint arXiv:2502.06748*.

Chakraborti, M*, **Zhong, Q.***, Bulat, B., Sen, A., & Frey, S. (Under Review). Deconstructing written rules and hierarchy in peer produced software communities. *arXiv preprint arXiv:2206.07992*.

Smaldino, P. E., Russell, A., Zefferman, M., Donath, J., Foster, J., Guilbeault, D., Hilbert, M., Hobson, E. A., Lerman, K., Miton, H., Moser, C., Lasser, J., Schmer-Galunder, S., Shapiro, J., **Zhong, Q.**, & Patt, D. (Under Review). *Information Architectures: A Framework for Understanding Socio-Technical Systems*. doi: 10.31219/osf.io/c7vrw

Rao, A., Chang, R. C., **Zhong, Q.**, Wojcieszak, M., & Lerman, K. (In Print) Tracking a Year of Polarized Twitter Discourse on Abortion. *International AAAI Conference on Web and Social Media*. <https://arxiv.org/abs/2311.16831>

Chang, R. C., Rao, A., **Zhong, Q.**, Wojcieszak, M., & Lerman, K.(2023) #RoeOverturned: Twitter Dataset on the Abortion Rights Controversy. *International AAAI Conference on Web and Social Media*

Zhong, Q., Hilbert, M., & Frey, S. (2023). Breaking the Structural Reinforcement: An Agent-based Model on Cultural Consumption and Social Relations. *Social Science Computer Review*. <https://doi.org/10.1177/08944393211056501>

Cummings. J, Cahill, T. J., Wertz, B., **Zhong, Q.** (2022). Psychological Predictors of Virtual Reality Technology Adoption and Usage. *Virtual Reality*, 1-23. <https://doi.org/10.1007/s10055-022-00736-1>

Zhong, Q., Frey, S. (2022). Institutional similarity drives cultural similarity among online communities. *Scientific Reports* 12, 18982. <https://doi.org/10.1038/s41598-022-23223-8>

*equal contribution

Research Appointment

Research Assistant
PI: Seth Frey
2020 – Present

University of California, Davis
Department of Communication
Project: Designing Smart Environments to Augment Collective Learning & Creativity (NSF Award 2421385)

- Implement online large-scale asynchronous economic games
- Analyze experiment data using Bayesian Structural Models

Research Assistance
PI: Jim Cummings
2015-2016

Project: Jumpstarting Successful Open-Source Software Projects with Evidence-Based Rules and Structures (NSF Award 2020751)

- Conducted text analysis using multiple natural language processing models
- Conducted data analysis using multi-level regression
- Data visualization the results using R and Python
- Wrote multiple preprints and published papers on CSCW and Scientific Reports

Boston University
School of Communication, Emerging Media Studies
Project Perception of Presence in a Virtual Environment

- Conducted meta-analysis on objective measurement of presence
- Designed survey for VR usage and adoption
- Prepared clean dataset for statistical modeling

Skills

Programming Python, R, Java, SQL, Stata, NetLogo, HTML, Javascript

Research Agent-based modeling, Natural Language Processing, Econometrics, Experiment Design

Fellowships, Awards, and Honors

Dean's Graduate Summer Fellowship, 2023

School of Letters and Science, University of California, Davis

Dean's Graduate Summer Fellowship, 2022

School of Letters and Science, University of California, Davis

Graduate Student Travel Award, 2020

Graduate Student Association, University of California, Davis

Top paper award, 2020

Zhong, Q. & Frey, S. (May, 2020) "Institutional similarities drive cultural similarity among online communities", 70th International Communication Association Annual Meeting (ICA), Online.
Computational Method, International Communication Association

Provost's Fellowship in the Arts, Humanities, and Social Science, 2018

School of letters and Science, University of California, Davis

Top poster award, 2018

Wertz, B. & Zhong, Q. (May, 2018) "Learning, Doing, Flow, and Fun: Understanding Relationships Between Difficulty, Enjoyment and Skill Development in Games" 68th International Communication Association Annual Meeting (ICA), Prague, Czech.
Game Studies, International Communication Association

Courses Taught

Introduction to Mass Communication

2021- 2022, Spring Semester

Teaching Assistant (lecture section) and Full Lecturer (lab section)

Data Visualization

2020- 2021, Fall Semester

Teaching Assistant (lecture section) and Full Lecturer (lab section)

Introduction to Computational Social Science

2018-2021

Head Teaching Assistant and course design assistant

Digital Technology and Social Change

2018-2021

Head Teaching Assistant

Invited Talks and Guest Lectures

“Cultural Evolution of Online Communities” presented to USC-SJTU Institute of Cultural and Creative Industry. Shanghai Jiao Tong University. Dec, 2024. Shanghai, China.

“Comparing Python and Java in writing Agent-based Modeling” will be presented to Schank ABM Lab, UC Davis, Online.

“Group Selection of AI Behaviors” Computational Auditory Perception Group, Max Planck Institute for Empirical Aesthetics. June, 2024. Frankfurt, Germany.

“Agent-based Models in Communication Research”, Nov, 2023, Department of Communication, Clemson University

“Polarization of Beliefs and Identity Signals: comparing origins and maintenance” Information Architecture workshop, Santa Fe Institute. May, 2023. Santa Fe, USA.

“Comparing social learning strategies: Evidence in Patent Data” Knowledge Lab, University of Chicago. May, 2023.

Presentations

Zhong, Q. (May, 2023) “Polarization of Beliefs and Identity Signals: comparing origins and maintenance” Presented to the Information Architecture, Santa Fe.

Zhong, Q. (May, 2023) “Polarization of Beliefs and Identity Signals: comparing origins and maintenance” Presented to the California Workshop of Evolutionary Social Science, Merced.

Zhong, Q. (May, 2022) “Breaking Down the Panopticon: an ABM on Self-censorship Reduction” Presented to the 8th IC2S2, Chicago.

Zhong, Q. (May, 2022) “Breaking Down the Panopticon: an ABM on Self-censorship Reduction” Presented to the 72th International Communication Association Annual Meeting (ICA), Paris, France.

Zhong, Q. & Huskey, R. (May, 2021) “Cheaper but Better? A Modeling approach to Costless Signaling theories in Communication” Presented to the 71th International Communication Association Annual Meeting (ICA), Online.

Zhong, Q. & Frey, S. (May, 2021) “Detecting the Selective and Stochastic Forces in the Evolution of Online Communities” Presented to the 71th International Communication Association Annual Meeting (ICA), Online.

Zhong, Q., Hilbert, M., & Frey, S. (September, 2020) “Breaking structural reinforcement: an agent-based model on cultural choice and social relations” Presented to Network Science 2020 (NetSci), Online.

Zhong, Q., Hilbert, M., Frey, S. & Wertz, B. (July, 2020) “A dynamical system approach to psychological flow” Presented to International Conference of Computational Social Science (IC2S2), Online.

Zhong, Q. & Frey, S. (May, 2020) “Institutional similarities drive cultural similarity among online communities” Presented to the 70th International Communication Association Annual Meeting (ICA), Online.

· Top Paper Award

Zhong, Q. & Frey, S. (July, 2019) “Institutional isomorphism and homophily effects of self-governing online communities” Presented to International Conference of Computational Social Science (IC2S2), Amsterdam, Netherland.

Zhong, Q. & Cummings, J. (August, 2018) “The Effects of Presence on Argument Quality in a Virtual Environment” Presented to the Annual Conference of the Association of Education in Journalism and Mass Communication (AEJMC), Washington D.C.

Wertz, B. & **Zhong, Q.** (May, 2018) “Learning, Doing, Flow, and Fun: Understanding Relationships Between Difficulty, Enjoyment and Skill Development in Games” Presented to the 68th International Communication Association Annual Meeting (ICA), Prague, Czech.

· Top Poster Award

Tiernan, C., Wertz, B., **Zhong, Q.**, Donegan, J., Forman, R, Manot, S., Parlato, A, Wu, T, Xu, Y, Cummings, J & Wang, C. (December, 2016) “Using Social Media to Target Niche Populations: The Search for Consumers of Online DNA Interpretation Services.” Presented to the 38th Annual Meeting & Scientific Sessions of the Society of Behavioral Medicine, San Diego, CA.

Groshek, J., Katz, J., Cutino, C., & **Zhong, Q.** “Media Use and Antimicrobial Resistance Misinformation and Misuse: (August, 2016) Survey Evidence of Information Channels and Fatalism in Augmenting a Global Health Threat.” Presented to the Association for Education in Journalism and Mass Communication, MN.
